

## Emission Classification of Building Materials

### **Amtico International**

The classification committee appointed by Rakennustietosäätiö RTS sr has approved product:

**Amtico Entryway Frixtion Charge**  
**Amtico Entryway Frixtion Force**  
**Amtico Entryway Frixtion Inertia**  
**Amtico Entryway Recoarse**  
**Amtico Entryway Ruffian**

to Emission Class M1. The classification is valid until **19.03.2028**.

Amtico International has the right to mark its classified products with the classification label and to use the classification label in the marketing of these products. The classification decision is based on documents Classification of Indoor Environment 2018, and Emission Classification of Building Materials, General rules.
