

Amtico Project

Lächelwerk Achim

Achim, Germany

Healthcare

Amtico Signature

Since November 2021 dentist Claudia Riwaldt has ensured all her clients leave her dental practice with a bright smile.

Designed by architect Violetta Golletz-Fresemann, the newly renovated office offers many visual highlights including 260sqm of beautiful Cornish Oak from the Amtico Signature collection.

Laid in a herringbone pattern throughout, the overall concept combines a minimalistic interior with a light wall and ceiling design. The soft texture combined with smooth sun-bleached and oyster tones gives a fresh and simple finish offering a pleasant and harmonious atmosphere.

As a candidate for the ZWP design award, 'Lächelwerk Achim' could soon be named Germany's most beautiful dental practice 2022.

Featured Products:

Cornish Oak
AROW8150

Featured Pattern:

Herringbone

This timeless design can be used to create wayfinding in large spaces. Used throughout the dental practice, the sun-bleached tones and soft texture of Cornish Oak offers a fresh and simple finish to this healthcare scheme.
