Laying Pattern

Key Stone Mini

To highlight the seating areas, Deko Design chose the bold geometry of Key Stone Mini. Using the Endless Possibilities option, the architects were able to select their own combination of colours that not only created a convincing finish but also a practical one. In an environment which combines high traffic and food service, durability and hygienic performance are as important as style.

Pleat

In addition to the Key Stone Mini, Deko Design chose Pleat in EP129. This imaginative five colour Pleat pattern introduces modern colour through precise lines and a well-balanced design.

Basket Weave

The natural light wood finish of the elegant Basket Weave provides a contrast against both Key Stone Mini and Pleat as with the change in pattern on the surface gives an exciting dynamic.

Bold statements.
Big ideas.
What our clients say.

“For the project, we were looking for a characteristic and high-quality floor, which can withstand a high volume of customers. With Amtico’s product variety, we had countless opportunities to create a tailor-made concept and conjure up exciting contrasts.”
