Medical Park St. Hubertus

Location: Bad Wiessee, Germany

Sector: Healthcare

Collection: Amtico Signature

Products & Laying Patterns:

Paris laid bespoke, Golden Oak laid stripwood

The Medical Park St. Hubertus is a rehabilitation clinic, which specialises in orthopaedics and sports medicine.

With a portfolio of high profile athletes it was important the chosen floor at Medical Park St Hubertus created a relaxing ambiance and allowed for it's athletes to make a full recovery during their stay.

A total of 3,000 square meters was used from our premium signature collection including 2,400 square metres of the Golden Oak in the restaurant area and individual medical rooms. Using Paris from

the Signature Abstract collection, a bespoke pathway was incorporated to recreate a running track which gave the clinic an individual touch.

Extending over 70 metres, the special cut pathway runs through different rooms of the gym and has been furthermore highlighted with Accent white strips to create a realistic running track feel.

Bespoke

With Amtico's advanced cutting capabilities and service, a bespoke floor can be tailored to your project requirements and help turn your unique vision into reality. Medical Park St. Hubertus required a replicated running track to pass through various rooms of the fitness area which included a special cut. The decor used here called Paris was made

exclusively as a special walkway throughout the clinic. In addition, the Pure Track White accent stripes have been added in a special measure to limit and number the runways. The contrast created by the combination of deep blue and white creates a sophisticated environment and completes the bespoke runway theme perfectly.
