

Amtico Project

Welwyn Grange
Care Home

Welwyn Garden City, UK

Care Home

Amtico Signature,
Amtico Form

Hiedi Lazenby Design was tasked with the full interior fitout for Welwyn Grange Care Home. Located in Welwyn Garden City, Welwyn Grange is a luxurious home away from home featuring comforting design features such as wall panelling, coffered ceilings and Amtico flooring.

The reception area greets guests and residents with Nomad Oak from Amtico Signature in a stunning Basket Weave design. Nomad Oak features a varied grain with grey undertones and a limed finish, offering a contemporary touch to interior spaces.

The feel of luxury continues throughout the building and the first-floor lobby is no exception, with the use of a darker wood and a touch of biophilic design by incorporating plants and a stunning green feature wall. The use of Amtico Form's Native Grey Wood laid in Stripwood complements this stunning colour theme.

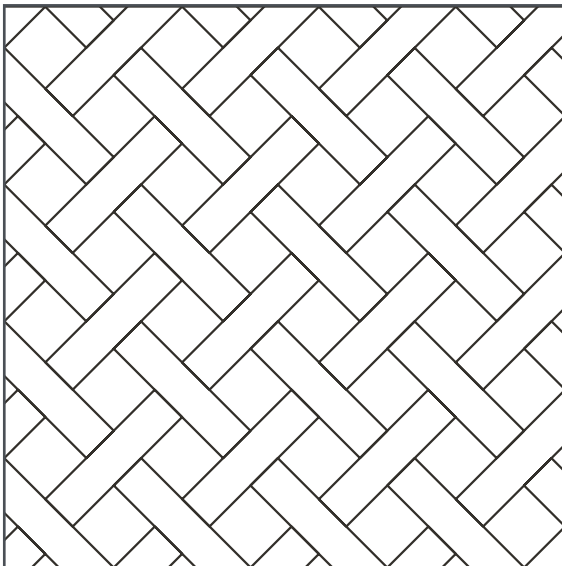

Featured Products:

Nomad Oak
AROW8140

Featured Pattern:

Basket Weave

Basket Weave is a beautifully proportioned laying pattern which has been inspired by classic woven parquet flooring. This stunning pattern showcases Nomad Oak's varied grain and grey undertones. It pays homage to traditional wood laying patterns whilst giving a contemporary finish. Basket Weave is available to be specified across Signature and Form products.
