

Amtico Floor Stripper

Technical Data Sheet

FS-TS-20240813-01-EN

Product Description

A concentrated, non-corrosive floor dressing remover. Easily removes old floor dressings or can be used to prepare new floors before applying dressing.

Product Features

- For use on a wide range of floors including rubber, linoleum, vinyl, sealed wood and etc.
- Easy to use formulation, that can be diluted in either hot or cold water. It easily penetrates layers of dirt and polish, breaking up and emulsifying the old film. Leaving it ready for easy removal.

Direction for Use

1. Sweep or dust mop before applying Amtico Floor Stripper.
 2. For a standard domestic mop bucket & wringer (2.5L capacity) simply add 500ml of dressing remover to the bucket and then top up with warm water to the fill-level line. For a larger mop bucket & wringer (5L capacity) simply add 1L of dressing remover to the bucket and then top up with warm water to the fill-level line.
 3. Using a mop, generously apply an even solution and agitate to ensure complete coverage and removal of the dressing.
 4. Leave for 10 – 15 minutes. Do not allow the solution to dry.
 5. Remove the residue with the mop or a wet vacuum and thoroughly rinse the floor twice with clean water.
 6. Allow the floor to air dry.
- Care Advice: Avoid walking the solution onto other floors or carpet as this may result in damage. The solution may make the floor extremely slippery. If a buildup of dressing has occurred, a further application may be necessary using a stronger dilution of Amtico Floor Stripper.
 - Thoroughly clean the mop head after use with clean water.

Storage

- Store in cool conditions away from direct sources of heat
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.
