**Discover The Oche Club in Jersey, a vibrant location which brings darts into the 21st century. Providing a place to wine and dine, The Oche Club provides a fun environment for dart fans to enjoy.**

The Oche Club is part of the Randalls Pubs & Restaurants group and opened its doors in March 2024. The interior celebrates traditional pub design but with a contemporary twist resulting in a fun location which really hits the bullseye.

Combining a classic wood design from Amtico Signature and a showstopping bar skirt from Amtico Décor, the design brings to life the essence of traditional pub interiors but with all the benefits and ease of maintenance that LVT provides in a busy social environment.

The use of Décor is a beautiful example of how to incorporate intricate details into larger commercial environments whilst adding a touch of luxury.

## Featured Pattern:

### **Geo Adelphi DC490**

Geo Adelphi from our Décor collection combines two neutral shades into a traditional Victorian-inspired tiled pattern. It features simple square geometry to create a stylish and impactful finish. Adelphi's considered colour combination, with the creamy tones of Stucco Quartz and the timeless pop of muted colour of Diffusion Chambray, provides a complementary palette and a touch of sophistication to any space.

# Featured Pattern:

**Stripwood**  
A true classic, Stripwood is a beautifully simple laying pattern which finishes a design in an authentic way. It is reminiscent of traditional wood flooring and its simplicity complements Décor's more intricate design. Bordeaux Oak brings a timeless charm to the design with its rich grain.
