What If? Designs

Meadowhill, part of Westgate Healthcare, is a newly built care home located in Borehamwood which offers a welcoming environment for residents. This beautiful building provides dedicated spaces for dementia care as well as numerous amenities for residents to enjoy.

A luxurious reception and lounge area welcomes guests to Meadowhill and facilities include several Bistros, lounges and entertainment spaces.

Amtico Signature and Spacia have been specified for many of these areas, offering an array of design. The use of Amtico Safety throughout bedrooms and corridors provides enhanced slip resistance, as well as considered finishes to help support individuals living with dementia.

"When designing Meadowhill Care Home we wanted to create an environment which feels homely and welcoming for residents, whilst offering practical spaces for providing care. With Amtico we were able to provide luxury flooring throughout with spaces that ensured both comfort and design whilst being safe for residents. Amtico offers a wide range of flooring, which was important to the design team when specifying to ensure each area had a unique identity throughout."

Bedrooms & Corridors

Featured Products:

Featured Oak
SG5W2533

Featured Pattern:

Stripwood

Over three floors, Amtico Spacia Safety has been used throughout the bedrooms and corridors. The consistent use of the same product follows key principles when designing for dementia by providing a continuous level of flooring and keeping tonal continuity. The change of laying direction of the plank helps to create a threshold without the need for additional transitional strips.

AMTICO
SAFETY

Featured Oak from Amtico Spacia Safety is a DSDC Class 2 rated product.

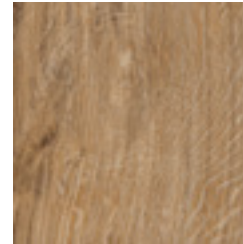

By specifying Amtico Safety, the flooring throughout the corridors and bedrooms provides an extra level of safety for residents and staff with enhanced slip resistance which meets the BS EN 13845 standard and includes antimicrobial protection.

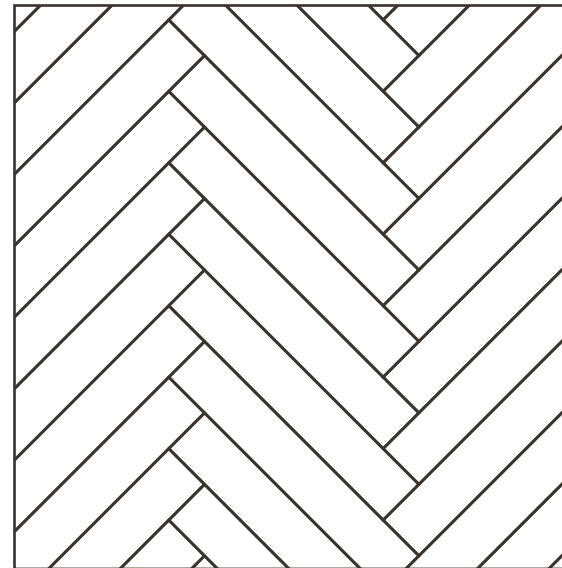

Ground Floor Lounge

Featured Products:

Featured Oak
SG5W2533

Featured Pattern:

Herringbone

A popular laying pattern for its timeless appeal, Herringbone adds a touch of luxury to homely spaces. Herringbone can be achieved with standard plank sizes making it a perfect laying pattern to add an additional layer of design. This beautiful lounge area with a Stripwood perimeter offers residents a comfortable atmosphere to relax.

The Orangery

Featured Products:

Salted Oak
AROW8210

Featured Pattern:

Herringbone and Stripwood

The second floor Orangery provides an opulent space which opens onto a rooftop terrace. It features a combination of Herringbone and Stripwood laying patterns in the same product, creating zoned spaces in a subtle and stylish way.

The luxurious look of Salted Oak extends to the first-floor and second-floor Director's Lounges. Herringbone beautifully showcases Salted Oak's neutral, sandy tones and undulating grain.

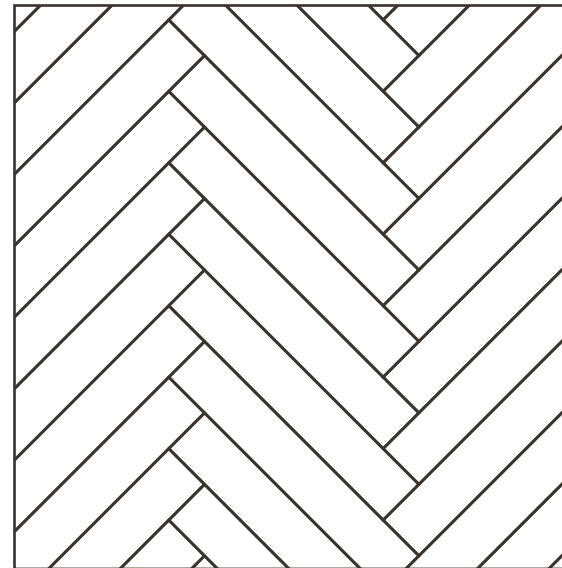

First Floor Lounge

Featured Products:

Manor Oak
AROW7970

Featured Pattern:

Herringbone

Both the first-floor and second-floor lounges feature a Herringbone pattern surrounding a large, carpeted seating area. Both rooms mirror placement and design, but each has its own identity with different colour palettes. Manor Oak brings warmth to this lounge with its rich brown colour, which beautifully offsets the cooler grey furnishings.

Second Floor Lounge

Featured Products:

Sun Bleached Oak
SS5W2531

Featured Pattern:

Herringbone

Sun Bleached Oak is the perfect canvas for the touches of blue featured in the second floor lounge with its grey undertones. Its rustic finish brings style to this cosy space.

Hair Salon

Featured Products:

Riverstone Tundra
AROSRS40

Featured Pattern:

Broken Bond

Achieved using standard tile sizes, Broken Bond creates a classic finish reminiscent of traditional ceramic flooring. It beautifully complements Riverstone Tundra's natural stone finish and tonal variation, creating a calming environment for residents to enjoy their treatments.

First Floor: The Sound Room

Featured Products:

Carriage Oak
SS5W3316

Featured Pattern:

Herringbone

A cosy and charming room to enjoy music, The Sound Room features Amtico Spacia Carriage Oak in Herringbone. Its neutral grain with light and dark tones gives a touch of vintage character to this space.
